Apple Device Users:

Android Device Users:

- 4. After the app is installed on your mobile device, log in with your APCIRCUIT ID and Password as you would when using APCIRCUIT.
- 5. Read and click the box in the bottom right corner of screen to accept the APCI eMobile Disclosure and Agreement.
- 6. From the drop-down menu in upper left corner, select "eDeposit" and follow prompts to complete the eDeposit User Registration.

7. Once the eDeposit registration is complete, click "OK" and then "Deposit a Check." You will then see this image:

8. After you see the above image, you are then ready to photograph your check. To do this:

- a. Select "Check Front." Your camera will open and you will then take a picture of the front of the check. Be sure to take a clear picture and center your check within the outline on the screen.
- b. If the image is clear, select "Use."
- c. Enter the dollar amount in the Check Amount field and select "Check Back."
- d. Take a picture of the back of the check. Be sure to endorse the back of the check using black ink and write "For Mobile Deposit." Do not use self-inking "For Deposit Only" stamps.
- e. If the image of the back of the check is clear, select "Use."
- f. Select "Deposit to Account" and select which account you want the check to be deposited to.
- g. Once the above steps are complete, the Deposit button in the bottom right of your screen will turn green. You can then select "Deposit."
- h. Your eDeposit is now complete.
- i. You will receive a message confirming your deposit.
