

HOW TO - Disable Pop-Up Blockers in Various Browsers

Firefox

- 01 Go to the Menu icon (three horizontal bars) and click on Preferences.
- 02 Select Content.
- 03 To disable all pop-ups:
 - Uncheck the "Block pop-up windows" box.
- 04 To disable pop-ups on just one site:
 - Click on Exceptions.
 - Enter the URL of the website for which you want to allow pop-ups.
 - Click Save Changes.

Chrome

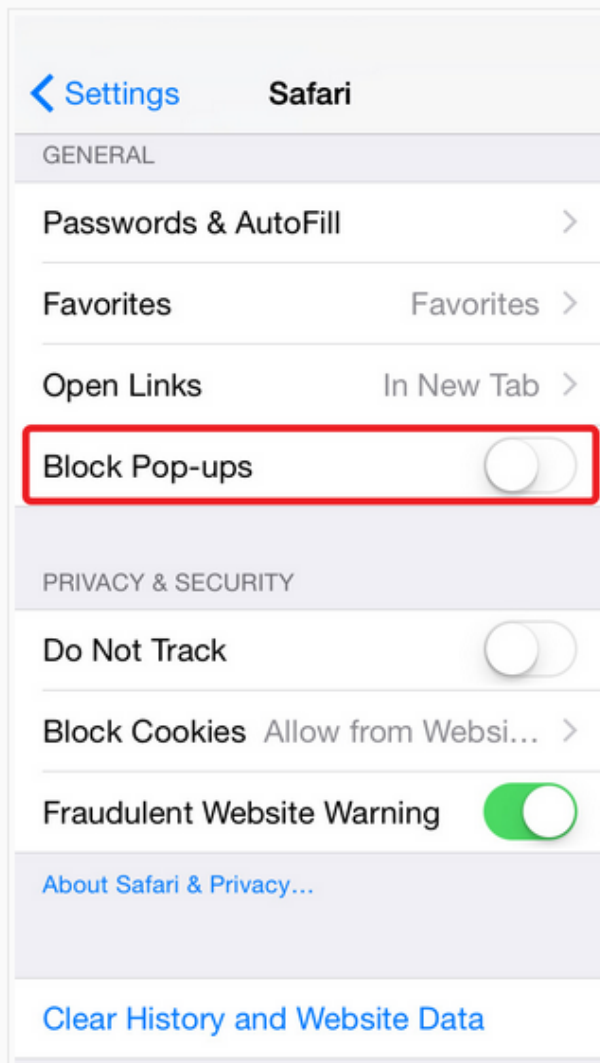

1. On your iPhone or iPad, open the Chrome app .
2. Tap More .
3. Tap Settings Content Settings Block Pop-ups.
4. Turn pop-ups on or off by tapping the slider.

Internet Explorer

1. Open Internet Explorer, select the Tools button , and then select Internet options.
2. On the Privacy tab, under Pop-up Blocker, select Settings.
3. In the Pop-up Blocker settings dialog box, under Blocking level, set the blocking level to High: Block all pop-ups (Ctrl + Alt to override).

Apple Safari (iOS/iPhone)

In Apple Safari in iOS on an iPhone, pop-up windows are silently blocked, with no indication that this has occurred. To disable the pop-up blocker click the Settings icon on your home screen, then scroll down to Safari and tap it. Scroll down to the General section and ensure the slider beside Block Pop-ups is in the off position (to the left and not highlighted in green).

Apple Safari (iOS/iPad)

In Apple Safari in iOS on an iPad, pop-up windows are silently blocked, with no indication that this has occurred. To disable the pop-up blocker click the Settings icon on your home screen, scroll the left hand panel until Safari is shown and tap it. In the right hand panel, ensure the slider beside Block Pop-ups (in the General section) is in the off position (to the left and not highlighted in green).
